

G3 PRO

G3 PRO RESIN SUPERWAX

FINISH

AN EASY GLIDE LIQUID WAX THAT GIVES SURFACES A DURABLE, HIGH GLOSS FINISH

PRODUCT DESCRIPTION

G3 Pro Resin Superwax is an interlinked protection system constructed from the highest grade synthetic beeswax, montanic and paraffin waxes to provide an easy to apply concentrated wax with unprecedented protection for up to 4 months and mirror gloss finish. The wax protects bodywork from the everyday traffic film that builds up on the surface. The unique interlinked protection system combines paraffin wax for spreading, montanic wax to speed buffing time and synthetic beeswax for a tough glaze protection.

PRODUCT INFORMATION

Size	Farécla Code	SG Code	Case Quantity
500 ml (16oz) e	7166	78072764784	6

TECHNICAL INFORMATION

Appearance: pale purple liquid
VOC Content: 167g/L
Relative Density: 0.98 - 1
pH: 7.5 – 8.5
Silicones: yes

HIGH GRADE WAX BLEND

UP TO 4 MONTHS PROTECTION

EASY ON, EASY OFF

HOW TO USE

1. Clean and dry surfaces thoroughly before use
2. Shake bottle well before use and make sure the panels are cool
3. Apply product to a G3 Pro Black Applicator Waffle Pad (or clean, dry microfibre cloth)
4. Use circular overlapping motions with even pressure, avoiding plastic trims
5. Allow to dry to a haze
