PRODUCT INFORMATION

MONTANA MARBLE 400ML

HIGH-COVERING SPRAY PAINT FOR A DECEIVINGLY REALISTIC MARBLE EFFECT

GENERAL INFORMATION:

range of applications

Marble Effect for objects like picture frames, canvas, furniture etc.

APPLICATION NOTES:

- Shake can well for 2-3 minutes!
- Apply MARBLE Effect at a distance of min. 20cm from substrate. Increase distance for a more organic marble structure
- To achieve realistic marble effects, cock your wrist while applying. Can also be applied in traditional horizontal and vertical strokes for spider web like effects
- Applicable to wood, metal, glass, ceramic, porcelain, paper, stone and paintable plastics
- Seal with Montana Varnish for further protection against UV exposure and elements such as rain etc.
MARBLE Effect must be totally cured (after 24 hours) before sealing
- Can be over painted when fully dry and cured (after 24hours), with Montana GOLD, BLACK or WHITE (Nitro-Combi or Acrylic lacquers). Can also be applied over Montana ACRYLIC paint
